

THE DAILY CAPITAL HAS THE LARGEST CIRCULATION PER ISSUE OF ANY PAPER PUBLISHED IN EDMONTON

GREAT RUSH TO ALBERTA

Commissioners' Offices are Flooded
With Enquiries.

THREE HUNDRED ON ONE SHIP

Indications are That This Province Will
Secure a Large Number of Settlers
From Ontario.

"Alberta has got the course of the stage at the present time, and judging from the reports we are receiving from our agents will continue to hold it for some time to come," said Publicity Agent Hotchkiss this morning. "Mr. Hotchkiss was commencing on the unusually large batch of enquiries he has been receiving from intending settlers anxious to get information regarding the province and was telling how their wants were being supplied by the government."

"We now have immigration commissioners at Montreal, Toronto, Detroit and Alpena, Michigan, Winnipeg and Portland," he said, "and these men inform us that they are deluged with applications and every day we get wires to hustle along the advertising matter. Luckily we have a large supply of this on hand and are rushing it along as fast as we can. The man in Portland is the latest addition to the staff of commissioners and he is kept very busy. In addition to the men mentioned above we have a special commissioner who travels all over the country wherever pressure of work carries him out as a rule he confines his operations to Wisconsin and Minnesota. Just now, however, he is in Chicago completing arrangements to bring a colony of Hollanders out to Alberta to take up homesteads."

Three Hundred on One Ship.
Mr. Hotchkiss was also in receipt of advices this morning from England that a ship with three hundred immigrants had left there, all of whom were coming through to Alberta. They will be here in about two weeks' time.

"Another noticeable feature this year is the attention that Alberta is receiving in Ontario," said Mr. Hotchkiss. "Our commissioner at Toronto is more than kept busy handing out literature and answering the various enquiries he receives. However, we keep him well supplied and the results so far are very encouraging. We are getting quite a number of people from Ontario here at the present time and from all reports they are only fore-runners of the huge army that is really to come. The mild winter we have had here in comparison to the time they have had in the East is bringing a number of them and so far those who have arrived are of the decidedly better class of farmers."

The report of Dominion Immigration Agent Webster also bears out the statements made by Mr. Hotchkiss. Every day now sees various parties arriving over the C.N.R. and taking advantage of the accommodation offered them. These parties vary in numbers but the average is about twenty-five and after spending the night in the immigration hall they make their way to the land office to take up any suitable land which offers.

50,000 Around Montreal

Montreal, April 7.—By the complete returns presented to the Board of Control the population of Montreal is placed at 530,000 and of the suburbs at 62,000, making the total population nearly 600,000.

WILD AND WOOLLY EAST

Former Alderman Admits Shooting Up
a Police Station.

Bellefleur, April 12.—At the trial of Ex-Ald. H. McGinnis, charged with shooting up the local police station the accused practically admitted everything except shooting with intent. Magistrate Mason found McGinnis guilty of assaulting the police officer in the discharge of his duty, guilty of disturbing the police, guilty of firing of a revolver inside the corporation, guilty of using grossly abusive language to the police, but found him not guilty of shooting with intent. He reserved judgment, merely saying that it was doubtful if a fine even if heavy would be sufficient punishment to do a man like the accused. In the meantime he refused bail.

Exciting Elections in France.

Point a Pitre, Guadeloupe, April 12.—One man killed and many wounded in an election riot today following the arrest of a candidate opposing M. Gerault Richards for the French Chamber of Deputies.

EIGHT THOUSAND LAST WEEK.

London, April 12.—Eight thousand British emigrants sailed for Canada last week. The steamship companies are co-operating to carry the surplus passengers.

SPEED TOO HIGH, JURY'S VERDICT

Motorman Was Exonerated by Jury
Investigating Accident in Which
George McDonald Lost his Life.

At the inquest yesterday afternoon on the body of George McDonald, who died from the effects of being struck by a street car, on Vernon avenue, a verdict was returned acquitting Motorman Heitman of all culpability, but suggesting that the cars on the Vernon and First street route should travel at a more uniform rate than at present.

Mr. A. W. Richards called as a witness, said that he met deceased shortly before the accident, standing in the little way north on Fourth street and that he seemed to be pre-occupied and looked as though he had forgotten where he wished to go.

Motorman Heitman when giving evidence stated that when he first saw Mr. McDonald, he was standing about twenty feet from the track. The car was at that time three car-lengths away and the motorman partially averted the brakes and rang his gong. When within one car-length of the deceased the car was going slower but Mr. McDonald unaccountably started to run across the track. The motorman applied the brakes full, rang his gong, shouted, in fact did everything in his power to prevent an accident. Heitman did not think McDonald intended to get on the car, as he was on the wrong side of Fourth street, but thought he was only going to wait for the car to pass, therefore he did not put on the full power of the brakes when he first saw deceased.

Mr. C. E. Taylor, superintendent of the Edmonton street railway, said that there was no speed limit for the cars but that the average speed of the Edmonton street railway for the month of March was less than eight miles per hour.

Perhaps it Is the Town.

Evansville, Ind., April 11.—Scores of people in this community complain that they are unable to get enough sleep. In fact, in several instances people have slept for fifteen or twenty-four hours and were still sleepy. They attribute this inclination to sleep to Halley's comet.

TWO SEEKING SAME PLACE

Two Republicans After Nomination
for Governor in Iowa.

INSURGENTS HAVE CANDIDATE

In Iowa They Call Themselves Progressives
and Favor a Tariff Commission
and Postal Savings Bank.

Des Moines, Ia., April 12.—Warren Carst, of Coon Rapids, who has been nominated as governor during the last term of Cummins as governor, has announced himself as a "progressive" candidate for the Republican nomination for governor of Iowa, opposing Gov. B. F. Carroll. One of his planks in his platform is opposition to Cummins and Aldrich.

Mr. Carst in his announcement, after reciting what the party have done in the State, says: "The Republicans of Iowa have believed that at Washington, also, there was great need of progressive movement; that the principles found good here would be worth still more applied to national issues and problems. And so it has come about that we of Iowa take great pride in the fact that today our senators and a majority of the delegation in the house are in harmony with the work we have been doing."

"Iowa Republicans accept full responsibility for their part in a movement now nation wide, and if we are mindful of our duty at the coming primary we will maintain in national councils a leadership fraught with great possibilities. By assuming this responsibility we can best maintain party unity."

"The issue raised is so clear that no person can fail to understand its meaning or regard it lightly. It is an issue forced upon us by selfish interests represented by a small group of men at Washington following the lead of Senator Aldrich and Speaker Cannon. While the control they exercise is fast slipping away, this group is domineering and boastful and claims the right of modifying the laws of the state by their own arbitrary will, ignoring the just demands of the people."

"They have planned to deny the right of unhampered participation in legislation to the chosen representatives of the Iowa people. They have assumed to read out of our party those whom we have honored. They have instituted a political boycott for the punishment of men against whom there is no other charge than that they have been loyal to the interests of their constituents, true to their convictions, and faithful in support of the state and national platforms of 1908."

"The Republicans of Iowa could not, if they would, escape the duty of deciding whether they shall acquiesce in a condition of affairs which has justly caused alarm to all friends of good government, and sustain their own delegation in effective resistance to the unworthy demands of entrenched power."

"The immediate national issues are not new to us, and we are consistent in support of progressive measures. The tariff issue of today is that of creating a commission clothed with authority of law to open the way for a strictly business consideration of all tariff schedules. The sentiment which favors a postal savings bank system insists that it shall aid the people in keeping their small savings in the channels of trade at home. We of Iowa are firmly committed to the policy of publicity in all public matters."

New Orleans World's Fair.

New Orleans, April 12.—With subscriptions aggregating more than \$500,000 already recorded, the finance committee of the New Orleans exposition organization yesterday announced that the campaign for funds will be extended to all parts of the States early next week.

PANAMA CANAL TRADE

C.N.R. and C.P.R. May Erect Large
Elevators on Vancouver Island.

Victoria, April 12.—It is reported that the Canadian Northern Railway is negotiating with the C. P. R. to have joint terminals on the Alberni canal on the west coast of Vancouver Island, where wheat elevators would be erected, preparatory to the east trade expected when the Panama Canal opens. The wheat would be shipped there from the prairies, using the car ferry to Vancouver Island and timber taken back the same cars, thus establishing a remunerative trade.

A. C. Fraser in Toronto.

Toronto, April 12.—A. C. Fraser, of Edmonton, is in Toronto as special emissary board of trade of the Alberta capital to gather information as to publicity campaigns and methods adopted in securing industries. He will visit several Ontario centres and intends to go on to Montreal and then to New York, returning through the States.

Buys Bonds of C. N. R.

Victoria, April 12.—James Dunsmyre is reported on excellent authority to have purchased \$500,000 worth of Canadian Northern bonds and the deal is commented upon by financiers here as of great advantage to Mackenzie & Mann as showing the confidence in the company and the country of British Columbia's principal financiers and business men.

TWO TEXANS FOUGHT DUEL

Their Quarrel Was of Over Twenty
Years' Standing.

FRIGHTENED BY AUTOMOBILE

When They Heard the Car Approaching
They Flew, After Each Had Fired
Two Shots.

Oklahoma City, Okla., April 12.—Meeting by appointment in a field near this city the other morning, E. E. Daniels of Austin, Tex., and J. G. Archer of Beaumont, Tex., fired two shots each from revolvers at fifty feet.

approaching automobile frightened the men and they fled from the scene before either was hurt.

The men met to settle an old grudge. The quarrel started originally in Seacombe, Kan., where the two were partners in a land deal. They could not agree on a division of the property, and Archer was injured in a fight that followed. Archer then swore that he would kill Daniels at some future time. That was twenty years ago.

They sold the land and both went to Texas, where they met later and the quarrel was renewed. Archer entered Daniels' restaurant in Austin one day, and after eating dinner refused to pay for it. Archer was arrested and fined for disturbing the peace.

Last evening the two met here by accident. Daniels in discussing the affair afterwards said that Archer renewed the old quarrel and intimated that he would kill him. After some argument it was agreed to fight a duel and the men met. Daniels felt at noon for his home in Austin. Archer has disappeared.

Beaten in Open Court.

New York, April 12.—When Joseph Mansfield was committed to the Tombs today on the charge of murdering Henry Jacobs, the widow of the slain man leaped upon him in the corner's court and beat him with a stout club, only stopping when the man faint.

SAY NOTHING ABOUT WRIT

Defendants in Hawes Action do Not
Seem to be Worried.

ALL IN HAND FOR COMMISSION

When Work Resumes at Ten O'Clock
To-Morrow There Should be
Little Delay.

"No, I have nothing to say. I do not see what the Hawes could do under the circumstances. However, all I will have to give out will come out at the right time."

This is the only reply Mr. J. K. Cornwall, member for Peace River, will give when asked to discuss the writ issued yesterday by Alfred Hawes of Toronto. Far from worrying over the matter Mr. Cornwall seems to regard it very lightly, but he does not think that it would be right and proper to discuss the matter now that it has gone so far.

Mr. W. R. Clarke, president of the Alberta and Great Waterways Railway, who is a co-defendant with Mr. Cornwall, is not in the city at the present time although he is expected tonight for the reopening of the investigation tomorrow morning.

Already Mr. Minty, another co-defendant is here, but like Mr. Cornwall he also refuses to discuss the writ for publication although from his manner it is gathered that he also thinks lightly of the matter. He is here for the investigation together with the solicitor who is looking after his interests, Mr. H. Robson of Winnipeg.

Mr. Norman McKenzie of Regina, who appears for Mr. Cornwall, is also here, while Mr. R. H. Heintz for the insurgents, and Messrs. Walsh and Johnston, counsel for the commission, will arrive by tonight's train. W. H. Cushing, the ex-minister of Public Works, will also arrive today or tomorrow and will probably be the first witness called by the commission.

The commission will sit as before at the legislative chambers and will commence every morning at 10 o'clock. The regular hours are from 10 to 12 and from 2 to 5 until 7. Judges Scott, Harvey and Beck are already in the city and are ready to go ahead with the investigation. Before going away south Mr. Walsh, senior counsel for the commission, stated that they were also ready to go ahead with their end of the work so that there is not likely to be any great amount of delay when the commission meets again tomorrow.

Balliff Seized the Church.

Ottawa, April 12.—It transpired at the annual vestry meeting of St. Barnabas' (Anglican) Church last night that a bailiff had quietly entered the church and made a seizure for water rates. He was got rid of by the payment of half the debt due.

MANY STARVE TO DEATH

Newspapers Use Figures as Argument in
Tariff Question.

London, April 12.—Official records disclose that 125 persons died of starvation in England and Wales in 1908. Of this number, 52 deaths occurred in London. The victims included a former bank manager and an architect. Others were chiefly casual laborers. Few London newspapers comment on these tragic figures except to point out that deaths from starvation are unknown in protectionist countries.

New Preacher for Regina.

Brandon, Ont., April 12.—Rev. S. J. Farmer, pastor of the First Baptist Church of this city for nearly ten years, has accepted a call to the First Baptist Church, Regina, at a salary of \$2,000 per annum.

Wedding Rings, all styles. Jackson Bros., Leading Jewellers.

NEW JUDGE APPOINTED

Magee Promoted to Ontario Appeal Court
and Succeeded by W. E. Middleton.

Ottawa, April 12.—An order-in-Council has been passed appointing Mr. Justice Magee of the Chancery Division of the High Court of Ontario to fill the vacancy in the Court of Appeals of the Province caused by the retirement of Mr. Justice O'Leary. W. E. Middleton, K.C., of Toronto, has been appointed to take Mr. Justice Magee's place in the high court.

Broke His Neck in Flight.

Rochester, N.Y., April 12.—In trying to escape from a policeman last night Frank Bossick, a Pole, 23 years of age, one of the alleged car burglars, plunged into an excavation and broke his neck. He was instantly killed. His companions were arrested while trying to escape with tales of clothing.

Climbed Mount McKinley.

Fairbanks, Alaska, April 12.—The Fairbanks expedition to Mount McKinley, the highest peak in North America, reached the summit on April 4th after a climb of one month from the base. It was announced today that no traces of Frederick A. Cook's alleged ascent were found.

PEOPLE INJURED, HOMES DESTROYED

Fierce Cyclone Passed Over Council
Bluffs, Ia., and Demolished One
of the Suburbs.

Pine Bluffs, Ark., April 12.—A cyclone carrying with it many cottages, trees and timber, swept away the southwestern suburbs of Pine Bluffs yesterday. Homes of mechanics, stores, outhouses and other buildings were demolished, trees uprooted, fences blown away, and much other damage done to property of telephone and telegraph companies. A woman living on Missouri street was blown from her home and carried into the air. She was caught in telephone wires and her screams attracted several men who let her down with a rope. She was uninjured.

Mrs. H. H. Dugan was thrown about in her home, when the building was blown from its foundation, but she will survive her injuries.

Several negro families living in houses along Missouri street, some of which were unroofed, and some turning turtle, had narrow escapes. Up to a late hour no lives are reported lost, although reports are here that the cyclone did considerable damage east of this city, as it could be seen twisting its way eastward. The storm was preceded by rainfall and hail. Clouds formed into a funnel as they moved over the eastern suburbs. People living in the path of the cyclone say that it was over in a few seconds.

THE WEATHER.

Manitoba: Generally fair and mild. Saskatchewan: Few showers, mostly fair and mild. Alberta: Fair and mild. Fair and quite mild weather has been general over the Prairie Provinces. At a few places in southern districts it has been quite warm. Some rain has fallen in southern Saskatchewan.

Walking Around the World.

London, April 12.—Joseph La Brecque, the Canadian journalist, who is walking around the world living on sixpence a day, arrived at Grimsby today completing six thousand miles of his journey.

GRAIN RATES WILL BE LOW

Lake Carriers Unable to Agree on
Joint Schedule.

SCRAMBLE FOR SHIPMENTS

Result May be Similar to Two Years Ago
When Rate Went Down to
3 1/2 Cents.

Montreal, April 12.—It was reported here today that the Canadian Lake Carriers are unable to agree upon a joint tariff from Port William to Montreal by the all water route and did not hold the meeting in Toronto which was called for last Friday. They will promulgate independent rate schedules. Some of the steamship owners are willing to accept four and a half cents and it is thought that in another ten days when navigation will be in full swing there will be a general scramble for business at any rates that can be obtained as was the case two years ago when wheat was brought down from Port William and even from Duluth to Montreal for three and a half cents per bushel.

Boy Guilty of Murder.

Deland, Fla., April 12.—Irving Hanchett, fourteen years old, a Connecticut boy, was found guilty at the criminal court here today of the murder of Clieve Tedder, thirteen years old, and was sentenced to be hanged. The youth's crime was most brutal. He met the girl when she was on her way to school and after she had rejected his proposals he stabbed her to death. Throughout the trial Hanchett maintained a stolid indifference and received his death sentence with the same demeanor. Hanchett is a former inmate of the Connecticut Reformatory School.

Ten People Were Drowned.

Saint Brice, France, April 12.—The pilot boat "Hirondelle" has been wrecked off Cape Froh on the English Channel. Ten persons were drowned. After striking the vessel turned turtle.

DEPARTMENTS ARE UNDER GOOD MEN

Mayor Lee, in Answer to Criticism,
Says Edmonton's Officials Compare
Favorably With Any Others.

"The management of our departments will compare favorably with those of similar departments in any other city. We have good capable managers at the head of all departments."

This is Mayor Lee's reply to the recent criticisms made through the press and in other ways concerning the public utilities and the management of the same.

Mayor Lee was ready to be interviewed on the subject this morning and was not a bit backward in giving his views when asked to give them.

"It is true those departments using power have been somewhat handicapped on account of the condition of the power plant, but we were at least a year too late in adding to the power plant to meet the rapid growth of the city and the demands made upon it by reason of this growth. Nevertheless as I said before we have as good and as capable and economic managers as any other city has and all our departments will stand comparison with those of any other city in the Dominion."

It's a habit of ours to have the best shoes in the city. Kelly & Moore. Expert Watchmakers, Jackson Bros. All work guaranteed.

CRISTS' ROLLS
WILL BE STRONG

Charlie Has Signed Up a Swift
Bunch of Players—Chandler Will
Manage the Team.

Calgary, April 12.—Saturday afternoon the first practice of the Calgary semi-professional team was held, and quite a few candidates turned out. It looks as if this team will be plenty strong enough to give Bill Carney's band of ball tossers a good run, and that will have to work hard to keep the locals from slipping a few games over him.

Of the new men, Dick Tibbets showed up strong, for Dick has already played in faster company than the Western Canada League, and although he has been out of the game for the past year he is in good shape. He is a left-hand stick and stings the ball hard, and will be played on the outfield.

Red Hoar will also be played in the outfield. Red played a short time last season, with the professionals and made a good showing.

Turner, of the 1907 professionals, will probably be the other outfielder which should make a pretty strong outfield. Turner is also a catcher and a good left-handed batter.

Although Jimmy Heister expects to go south to Clareholm shortly, he will be on hand for the exhibition games and will probably do the catching. Jimmy has his eye on the ball, and is hitting them hard. Young Mills brother of the Edmonton player will be used as change catcher and utility man.

Charley Crist and Weir who will do the pitching, were both on hand and made a strong pair of pitchers. Weir has been working out for some time and is in good shape. But as Crist has had more experience and we are out to win a few of the games, Charley will do the most of the pitching.

Lepper will no doubt be on hand also and play an infield position and with Lepper on short and Chas. on 2nd with the exception of a few positions the team is complete.

Practice will be held from now on in the evening, as some of the players cannot get away during the day, and the nights chosen for practice will be announced through the sporting columns.

All ball players who are strangers in the city are welcome to try out for the team, and as there is to be no favoritism shown, the positions will be given to the most competent men.

Charlie Crist states that he will give up the management of the semi-professional team after the Western Canada league season opens. The team will then be turned over to Chandler of the Home Plate. Under Chan's management he will see that the team gets plenty of practice and games.

With the fast teams in the southern and central Alberta leagues the semi-pros will get lots of matches. Then again there will be the Brewery cup and Alberta championship to look after and there promises to be many challenges this summer in these competitions. Chandler is a good man, having played, as all fans know, on the Calgary 1907 professionals team, and from the players he will have they should easily be able to defend the Brewery trophy against any other team in Alberta.

At Evansville—Detroit 5; Evansville 4.

At Baltimore—Brooklyn 10; Baltimore 6.
At Norfolk—New York Americans 10; Norfolk 5.

CAMROSE WANTS
GAME WITH LOCALS

They Have Formed a Lacrosse Club
and are Eager for a Game With
Edmonton Team.

J. E. Sheppard, better known as "Shep," arrived in town yesterday from Camrose, where he is working on some big undertaking. Shep says that Camrose has organized a speedy lacrosse team and are willing to hook up with the Edmonton outfit. They have a runner in Camrose who has the rep. of having beaten Fred. Meadows at one time, and this sprinter is the leading light on the lacrosse team.

Camrose offers the Edmonton team expenses and will be ready for them in about a month. Shep thinks that the game would draw fire as the citizens of the young metropolis are all worked up over the Canadian national game.

It is quite likely Edmonton will take a trip to Camrose during the season, that is, if the locals ever get a ground to practice on.

Chicago Fan Writes to John Kling
in Kansas City and Asks Him
to Come Back.

Chicago, April 12.—Smitten like thousands of other local fans with spring baseball fever and full of the pennant hope that springs eternal in the human breast, H. Roegenbeck of Chicago, scribbled on a piece of wrapping paper the following Macedonian cry:

"Tell Kling to come back, as we need him. Chicago." This was enclosed in a shipment of leather to a Kansas City billiard table manufacturing company by Wilder & Co. of this city and by some odd chance Kling was in the office of the Kansas City firm when the box was unpacked. Johnny, who wields a facile pencil, wrote under the original message these words of good cheer:

"To the employees of Wilder & Co.: Will try my best to help win the pennant for the U.S.C. KLANG." The crude, but valuable document was returned to the Chicago company with the request that it be delivered to the sender of the original message, and so the "shat at random" found the bull-eye. Mr. Roegenbeck intends giving the document a prominent place in his art gallery.

Baseball Results

Manager Rosy Walters of Regina is having the same difficulty as Deacon White. He needs catchers.

Burns Won Championship

Sydney, N.S. April 11.—Tom Burns won on points from Bill Lang, heavyweight champion of Australia in the twentieth round of their fight for Australian title today.

POLICE FORM
ATHLETIC ASSN.

The Boys in Blue Will Have a Strong
Association—John Cameron
is Enrolled.

A meeting was held in the officers' quarters on Saturday evening of the off-duty members of the police force, for the purpose of organizing an Athletic department for the coming year.

The following strong list of officers was elected:

Hon. President—Major Lee.
Sergeant—Chief Lancey.
Secretary—R. R. Fraser.
Field Captain—D. R. Fraser.

Committee to draw up rules and regulations—Sergeant McCullum, Constables J. Campbell, D. George and J. Cameron.

Executive committee—Sergeant Thos. McCullum, Constables W. Coleman, F. T. Charles and D. R. Fraser.

Sergeant McCullum moved that a new athletic club, to be called the "Boys in Blue Athletic Association," be formed.

The membership fee was set at \$1 per annum.

The members to be tried for the tug of war are: Sgt. Lee and Constables Simpson, McRae, Steele, A. Frazer, George, Coleman and Davis.

There are 25 members of the police force and all eligible for membership in the amateur association. This number permits of the club taking up any line of sport, but we understand that they will specialize in the tug of war event and the shot puts, where brawn and muscle are big factors.

In other cities of Canada, the annual police games are the athletic event of the year, and some of our finest athletes are policemen. J. H. Gillies, of the Vancouver force, is the oldest champion of Canada and is looked upon as ranking next to Melvin Sheppard, champion of America, who is himself one of New York city's "foines."

John Cameron, who holds the Alberta record for putting the 16-lb. shot, is a member of the Edmonton police force, and this new organization will no doubt bring out a lot more talent. In time when the police forces of Alberta increase in proportion with the growth in population of the cities, we may have annual police games in the province, on as large a scale as in the effete east.

NEWS FROM DEACON

News was received in town today from Moose Blaxter. He will be on hand the 15th of April, and is enthusiastic as to Edmonton's chances of winning the pennant. He recommends Blaxter, whom he claims is a classy outfielder, he also has a line on Sturgeon, which he thinks would hold down the outer garden to the entire satisfaction of all the fans in the city.

Bill Decker who won 27 games for Tacoma in 1907 has accepted terms and will arrive in Edmonton on the 17th of this month. Deacon says everything is going fine.

Regina Raised the Coin.

The appeals made by the directors of the baseball club has finally met with a response sufficient to ensure the retaining of the franchise in this city and the minds of the fans are once more at rest. It is a practical certainty that Manager Walters will land a team that we shall not be ashamed to boast for to find there is nothing for it now, but to sit down and wait for just one month, until the real article will be played—Regina Spectator.

How New York Beat Yale

New York, April 9.—The New York Nationals shut out the Yale University team in a one sided game this afternoon. Score: New York, 14, 14, 3; Yale, 0, 4, 7.

Marty Walsh of the Ottawa hockey team, has moved from Kingston to the Capital City. The story is again revived that the team of 1909 will represent the Capital on the ice next season.

Another advantage in the training quarters Jeffries has selected, it has ample background for taking pictures, lots of open space where the correspondents can pitch their tents, and trees to string telegraph wires on.

GREAT IS JOHN
JAY MCGRAW

Celebrates His 37th Birthday—Has
Been Successful in His Leadership
of the Giants.

New York, April 11.—John J. McGraw, who is the pilot of the New York Nationals this season for the eighth annual successive year, celebrates his 37th birthday anniversary today. Whether or not he hands his team at the head of the column, he is certain to have the hearty support of an army of loyal fans.

McGraw is one of the most unique figures in baseball. During the time in which he has figured most prominently the national game has been revolutionized, and no man has done more to bring about the new order of things than McGraw. Years ago he upset the old idea that great ball players had to be large and muscular men.

Coming into the National league from a little western club, nothing but a boy, and a small and almost frail boy at that, the old-timers sneered at the idea that he could ever play ball with the big fellows. It was the wonderful work of McGraw and Keeler and others of the old Baltimore team that caused managers to hunt fast power men instead of large, powerful ones.

In all the annals of baseball there has never been such brilliant inside baseball as McGraw, Keeler, Jennings and others who played with the Orioles in the seasons of '94 and '95.

As a manager McGraw has been as successful as he was as a player. Since he took charge of the New York Giants on July 9, 1902, they have played 1,120 championship games, winning 688 and losing 432, for a percentage of .614. They have won two pennants and one world's championship, and finished second three times.

Suburban Betting

London, April 8.—Following is the latest betting for city and suburban handicap run at Epsom April 20: His Majesty's Minors, 8 st. 11 lbs. 4 to 1; Dean Swift, 9 st. 5 lbs. and Sir Bold, 7 st. 7 lbs. 100 to 8; Strickland, 6 st. 12 lbs. 20 to 1; Wolfe Land, 6 st. 12 lbs. 20 to 1.

STEEPLE CHASES
IN ENGLAND

Rt. Hon. James Tompkinson Gets
Mixed Up in Athletics, and
Dies.

London, April 12.—The parliamentary steeplechases which have not been run for three years were revived on Saturday and were attended by a fatal accident. Races were held at Epping, in the presence of a great crowd of legislators, racing men, prominent government officials and others, while leading at a fast pace, a horse ridden by a septuagenarian member, Right Hon. Jas. Tompkinson of Cheshire fell at a fence. Mr. Tompkinson was thrown and suffered concussion of the brain. He died yesterday. Mr. Tompkinson was elected from Crewe division of Cheshire in 1900 and was a Liberal.

CHANGES IN THE
CALGARY TEAM

Sam Savage Resigns the Presidency
—Carney is Still Busy Signing
Up Men.

Calgary, April 11.—A meeting of the executive of the Calgary professional baseball club will be held this evening. This will be an important meeting in which several matters pertaining to the club will come up for discussion.

It was announced on Saturday that Sam Savage, will resign his office at this meeting. Mr. Savage has already sent in his resignation, and it will be read at the meeting on Monday. His reason for resigning is business pressure. During the summer Mr. Savage expects to be very busy and cannot spare the time to baseball which is necessary for the position.

The decision of President Savage will be regretted by the lovers of baseball. He has done splendid work in connection with the club, and that his services will be missed is putting it mildly.

Who will fill Mr. Savage's position is not known. There are two possibilities before the directors. Mr. Hal Alderton and Secretary T. A. Hornbrook. Whether these gentlemen will accept the position remains to be seen.

On Saturday President Savage received several letters pertaining to baseball affairs. Among the important ones was one from Bill Carney and Manager Brown of the Vancouver Beavers. The Calgary manager gives a good account of his progress. He announced that today is the day of all days, when the Calgary baseball players, old and new, will report to him at Seattle. Carney expects some eighteen players to report right away.

There are two or three who are trying out with Vancouver and Seattle, but these will remain with their clubs for a few days until the weeding-out process begins.

Manager Brown states that he will in a day or two divulge the names of the men promised to Calgary. These players have been doing real stunts in the test games at Vancouver between the regulars and Colts. Two of Carney's men had two hits each at four times to bat.

Another who has been promised to Calgary played in the outfield for the regulars. He accepted three chances and made two hits for four times up.

English XI. in Portugal

Harry Rush and Wally Smith of last year's Calgary team played on the Col's line-up. Rush pitched and Smith played at third. Harry lost his game by five to four. Smith was up four times with a hit, one put-out and three assists.

A party of English cricketers are touring Portugal, the team being as follows: H. D. Swan, (Gentlemen of Essex, Capt. R. T. Crawford, (Leicesters), P. Perrin (Essex), C. McGahey (Essex), Hon. S. R. Biersford (Middlesex), C. Kenward (Wandsworth), A. Kenward (Wandsworth), W. R. Carick (Cambridge), J. N. Noakes (Parley), and E. Maturin (Colchester and East Essex.)

FEAR RACE WAR
AT BIG FIGHT

Jack Gleason Says That he is Afraid
There Will be Trouble at the
Ringside.

New York, April 11.—"Call the Jeffries-Johnson fight a temporary battle when you get through referring to it as the greatest heavyweight contest ever signed and you will score a knock out," declared Jack Gleason one of the promoters of the coming fight before he left today for the west.

"There will be no liquor sold at or near the Emeryville race track on July 4th, the day of the battle. Thousands of dollars have been offered for the bar privileges, but 'Pec' Rickard is as strongly opposed to selling drinks near the arena as I am." Should the negro astound Jeffries' supporters by winning there is no telling what might happen, if men, fired with indignation, turned upon those who will cheer Johnson. It is too great a risk to take.

SOME CLASS TO
THIS TRAIN

Seats on the Wall St. Special Will
Cost \$345 to Frisco—A Four
Day Trip.

New York, April 12.—New Yorkers will go to the Jeffries-Johnson fight July 4 surrounded by "class," a train special having been engaged for the trip. There will be eight cars, including four stateroom cars, observation, dining, baggage, and buffet-library cars.

"The trip is to be made in four days each way, and it is possible a new record for the run may be made. At the western end of the line telephone and telegraph instruments will be installed. One hundred tickets at the ringside have been reserved for the party.

"The rates that will be charged on the "Wall street special" which will include everything requisite on the journey, and a choice reserved ticket, are as follows: One person in a section, \$345; two persons in a section, \$450; one person in a stateroom, \$435; two persons in the stateroom, \$535.

BASEBALL IN
WOOLLY CANADA

Writer in a Leading American
Magazine Gives a Graphic Account
of the Game in Canada.

The dear public will fall for pretty nearly anything in the line of baseball dope, but a short story in a leading American magazine takes the bun. It is written by somebody named Zane Grey. Zane may be male or female, but the bet is on the latter.

It tells about "the desperate plight of the league champions, who were up against a queer bunch of ball players in Canada—long, powerful big-handed chaps who didn't know the difference between lacrosse and baseball, but who were quick as cats on their feet and scooped up the ball in a way wonderful to see."

It seems, on wading into the story that the Rochester and Syracuse teams were fighting for the Eastern League pennant, when an off-day arrived. The manager of the Rochester team decided to take the team to "Guelph," (probably Zane means Guelph) and play an exhibition game.

The author then continues "Guelph lay somewhere in the interior of Canada and when we got there we found nearly ten thousand people at the ball park. 'The audience was strange to us.' The Indians, half-breeds, French-Canadians; the huge, lumbering, bearded farmers or trappers, whatever they were, were new to our baseball players."

Ye Gods, imagine ten thousand people at a ball game in Guelph, Ont., and also the majority of the audience being composed of half-breeds, French-Canadians and trappers. Why will these people write about Canada who only know of it as a name? The funny part of the story is, the Guelph was one of the first towns in Canada to take up the American ball game, and used to play teams from across the border before the eastern league was thought of.

The story goes on to say that the Rochester team brought over to "Guelph," a rubber ball encased in a regulation cover. This rubber ball, as it was called, on account of its bounding propensities, was placed in the game when the Americans found themselves behind. But, unfortunately, for them they were unable to regain possession of it after they had finished their innings, and the Canucks came to bat with the elusive rubber ball still in the game.

What the long-haired "half lacrosse and half baseball" players did to it was a shame and they won a glorious victory over the Eastern League champions.

Zane had better stick to her fancy work as when mixed up in baseball and Canadian baseball at that, she flounders around helplessly.

National in the Lead

Philadelphia, Pa., April 10.—The Philadelphia Nationals defeated the Philadelphia Americans at Shiloh Park today by a score of 6 to 3. The National league battery was Maroney, Moren and Cheek, and Dooin, Krause, Dygert and Thomas was the battery for the Americans. The series now stands 3 to 2 in favor of the Nationals.

HEADS SENT TO BELGIUM

Fine Collection Will be Used to Advertise This Province.

Messrs. Brewster and Wolfe, taxidermists, are shipping tomorrow, for the Kenna-Brussels Exhibition, a very fine collection of heads. A remarkably fine buffalo head and two muskox heads, all three the property of Mr. Second, are alone worth \$2500. From his own collection Mr. Wolfe is sending three mountain sheep heads valued at \$500. The collection is being sent to Europe for advertising purposes and other collections from Calgary and Banff are being sent over also.

All the trophies brought by Mr. Wolfe are in excellent condition.

NEW TRAIN ON G.T.P.

Will Run Winnipeg to Wainwright to Accommodate Homeseekers.

General Passenger Agent Hinton issued the statement today that commencing with the month of April the Grand Trunk Pacific would operate a train out of Winnipeg twice a month on Thursday, during April and May, the dates being: Thursday, April 7th and 21st, Thursday, May 5th and 19th. This new train will leave Winnipeg at 2:00 p.m. and will run through to Wainwright on the same schedule as the regular train now running out of Winnipeg on Mondays, Wednesdays and Fridays at that hour. The train is put on chiefly to serve the large number of homeseekers who arrive in Winnipeg on Thursday mornings, due to reduced fares to points in Western Canada given on the first and third Tuesday of each month from many points in the United States. If the business between Wainwright and Edmonton will warrant, this train will be run through to Edmonton. It is also possible that the traffic will make it necessary to operate this train on June 9th and 23rd, but the general passenger office states that a definite announcement on this point will not be made until later.

While this train is being operated to give close train connections to homeseekers arriving from the United States and Eastern Canada on Thursdays, it will doubtless also be appreciated by the travelling public of Western Canada. In discussing the necessity for additional train service it was stated that a very heavy rush of land seekers was expected as the number of inquiries with respect to the rich new land opened up by the Grand Trunk Pacific had been very large during the winter.

ACCEPT ROSS RIFLE

Council of National Rifle Association Gives Into Dominion.

London, April 12.—The council of the National Rifle Association having received a certificate from the Canadian Department of Militia and Defence that the Ross Rifle, Mark II, double star, is recognized as the service arm in the Dominion, the council has decided to treat the mark two as admissible to all competitors for service rifles at Bisley.

Comet Going to Pieces.

Chicago, April 12.—Halley's comet appears to be disintegrating as it draws nearer the sun, according to observations made of it before it went into temporary eclipse three weeks ago. This was stated by Prof. L. E. Barnard of Yerkes Observatory, who was one of the first to photograph the celestial wanderer on its reappearance last fall, and who has been studying it during the winter.

"The comet may surprise us by unexpected developments in the next two weeks," said Professor Barnard yesterday. "The observations which have been made up to date show that it is diminishing in substance and luminosity. It probably was a great comet when it shone down on the heads of William the Conqueror, who crossed the English channel, but since then it has been losing power."

Lang Broke His Hand.

Sydney, N.S.W., April 12.—Billy Lang, who lost an arm in twenty rounds with Tommy Burns yesterday, broke a bone of his right hand in the ninth round.

Humor and Philosophy

By DUNCAN M. SMITH

THE NATIONAL SPORT.

THE game of grab and grab and plunder.

In the by one and all
I'll really, truly, it's a wonder
The country larks at all
Each underling, his hopes expanded,
Likeness his hungry books
For anything that isn't landed
By larger, stronger crooks.

Each fellow with his hand extended
For little or for much
Can on the quiet be depended
Upon to make a touch.
Not can the worst of crooks or blunder
Left open on the shelf.
If he puts his little ladder under
Add straightaway helps himself.

It really is a public scandal
But what are we to do?
The man with public funds to handle
Can always use a few.
Not can the worst of crooks or blunder
Left open on the shelf.
If he puts his little ladder under
Add straightaway helps himself.

But in this thought is consolation,
A ray of hope ahead:
Not ever this in every nation,
The living and the dead.
The Great the little and the Quaker
All dabbled in the dough.
But ever the days of the mock raker
The public didn't know.

Why He Likes It.
"Are you fond of advice?"
"Very."
"Then let me tell you?"
"Hold on!"

"What?"
"It is my own that I am fond of."
"Do you trust yourself to take your own advice?"
"Mercy, no! I sell it!"

Something Further Essential.
"He is quite rich enough to marry."
"Um! Is that all?"
"All?"
"Yes."
"Yes. Isn't that enough?"
"No."
"What more would you ask?"
"That he be rich enough to divorce, if desirable."

Sounded Good to the Owner.
"Have you any song birds around here?"
"Yes, indeed."
"Where are they?"
"Don't you see them here?"
"Do you call their notes music?"
"Say, do you know what eggs is worth?"

Vegetarians.
When duck falls down
Over field and lawn
When golden light
Illumines the night
When work is done
And rest is won
Then home we go
So hungry, oh,
That we could eat
Some tender meat!
Oh, no, no, no!
The meat don't go
Because, you see,
We all agree
The meat to chop
Till prices drop.

Just So.
"Why is he so lazy?"
"That's easy."
"Then elucidate."
"Sure. He'd have to work if he weren't."

What Happens to Them.
"I shall marry an orphan."
"No wonder."
"No wonder what?"
"That we say 'Poor orphans!'"

Second Hand.
He always takes his wife's advice.
He takes it, to be sure.
And then at once he takes his wife's advice
And gives it to the poor.

Very Wealthy.
"Is it a heavy mortgage?"
"It is."
"I wonder just how heavy it is."
"Well, they say he is a very strong man, and he hasn't been able to raise it."

PERT PARAGRAPHS.
Hot air is useful in keeping cranks humorously busy.

Sometimes those people who do not think know just enough to know that they don't have to.

Cold weather doesn't contract the imagination, as the oldest inhabitant can testify.

The more a man is financially able to pay his taxes the harder does it become mentally for him to do so.

Being awkward and constrained is the effect attained when people make a strenuous endeavor to be natural.

If a new idea were to strike some people it is a question which would first be knocked out.

Being concerned about the welfare of other people is a fine way to attenuate your purse, and silver to your hair and wrinkles to your brow.

It is hard to convince a man he is wrong when his bread and butter says it ought to be right.

Millinery costs lots of money, but why object? Anything to take its place would indubitably cost more.

BRANDON IS PROTESTING

Objection Taken to Vancouver's Claim for Equalized Freight Rates.

Brandon, April 12.—Following the receipt of a letter from G. E. Carpenter, traffic officer of the shippers' section of the Winnipeg Board of Trade, a special meeting of the Brandon Board was held to take up the matter of the application of the Vancouver Board of Trade to the Railway Commission for freight rates on a similar basis to those from Montreal West. It was thought that the introduction of such rates would be detrimental to the prairie distributing centres, but the following resolution was adopted:

"That the Brandon Board of Trade protest against the petition of the Vancouver Board of Trade with reference to freight rates and request the Railway Commission not to take action until the board has an opportunity to appear before the commission."

Guilty of Manslaughter.

Watske, Ills., April 12.—Dr. O. Miller and Mrs. J. B. Saylor today were found guilty of manslaughter for slaying last July J. Byron Saylor, a banker of Crescent City. John Grunden, a medicine vendor from Oklahoma, father of Mrs. Saylor, was acquitted. Punishment was fixed by the jury at twelve years imprisonment for Dr. Miller and three years for Mrs. Saylor.

WHEELBARROW AND BOAT EASTMAN USED IN GETTING CORPSE FROM BUNGALOW TO RIVER.

Scenes and principals in the East man case, which has been attracting widespread interest in the Eastern States.

Prohibition in Nova Scotia.

Halifax, N.S., April 12.—A bill was introduced in the Legislature today which has for its object the total prohibition in Nova Scotia with the exception of Halifax. After 1911 the raterayers in that city will have power to vote liquor out of business. In the meantime the number of licenses in that city are to be reduced from 90 to 70.

Claims He Saw Comet.

Bowmanville, April 12.—Capt. Jas. Wright of this town claims to have seen Halley's comet at 3:45 this morning.

MRS. ROBERT F. EASTMAN.

Make Sleeping Cars Cheaper.

Ottawa, April 12.—The Railway Commission will soon take up the question of sleeping car rates in Canada with a view to having them reduced if it is considered that they are too high.

ROBERT F. EASTMAN.

Mrg. Sbarretti's Trip.

Ottawa, April 12.—His Excellency Mrg. Sbarretti apostolic delegate to Canada, sailed from New York on Saturday per S. S. Princess Irene of the North German Lloyd Line, for Naples. From there he goes to Rome. The coming Canadian Enthusiast Congress will be one of the important matters he will discuss with his holiness. It is understood that while at New York he will see Archbishop Farley.

SOLD SKELETON, WANTS IT BACK

It Was His Own Framework and he is Sorry he Agreed to Sell it.

Stockholm, April 12.—Albert Vystrom, who accepted a few several years ago from the Royal Swedish Anatomical Institute for possession of his skeleton after his death, and subsequently met with a refusal from the institute when he sought to buy himself back, appealed today from the decision of the lower courts, which held that the institute had a right to Vystrom's "frame work" which it need not relinquish until its wishes.

Vystrom was destitute when he made the bargain with the institute, but has since come into a fortune. He argues that the agreement is of a nature to put a premium on murder, in case the purchaser should become impatient to possess his skeleton, and as such is contrary to public policy. The institute maintains that there are peculiarities in Vystrom's construction which it desires, in due season, to investigate more closely than is possible except on the dissecting table.

Another thing particularly annoying to Vystrom in the lower court's decision, was an order that he pay damages to the institute for having had two teeth extracted without the institution's permission, the latter having put in this counter claim when Vystrom began suit against it.

308 JASPER EAST EDMONTON

ASYLUM FOR THE INSANE, PONAKA. Tenders for Electric conduit wiring—Wood fibre Plaster and Maple Flooring.

SEALED TENDERS addressed to John Stocks, Deputy Minister of Public Works, Edmonton, registered and indorsed: Tenders for:

"A"—Electric conduit wiring erected "B"—For supplying wood-lime plaster "C"—For supplying all maple flooring will be received up to 12 o'clock noon April 23rd, 1910. Plans and specifications may be seen, and Forms of Tender had at the Engineer's Office of the Department of Public Works, Edmonton, or the branch office of the Department of Public Works, Calgary.

Tenders for conduit wiring must be accompanied by an accepted cheque, payable at par, Edmonton, to the Minister of Public Works, to the amount of five per cent. of the tender, as a guarantee that should a tender be accepted, the bidder is prepared to execute a contract within three days after its acceptance. If a tender is accepted, a marked cheque, or guarantee bond of a Surety Company, to the amount of 20 per cent. of his tender, will be required, when the contract is executed.

A marked cheque to the amount of \$5000 is required to accompany the tenders for the supplying of wood-lime and maple flooring. The cheques of successful bidders will be returned within three days after the various contracts are awarded.

The Minister reserves the right to reject any or all bids, or waive any defects.

JOHN STOCKS, Deputy Minister of Public Works, Dated at Edmonton this seventh day of April, 1910. Apr-12-14-16-18

THREE WIVES, ONE MARRIAGE

Queer Medley Arising From a Bogus Decree of Divorce.

NOW LIVES WITH THE FIRST

Two Other Marriages and a Second Divorce are all Declared Invalid by Supreme Court.

Washington, April 12.—Supreme Court Justice O'Gorman handed down a decision tonight judicially decreeing that John Cotton Smith has only been married once, although he has three wives living. He also decided that although Smith has divorced his first wife, she really is not divorced as the alleged decree was bogus. It follows that Mrs. Smith No. 2, who was never a legal wife, never obtained a legal divorce, although she also has a decree.

Mrs. Smith No. 3 tried to get separation with alimony but her complaint was dismissed today. The court held that she could not have a separation decree from a man who was never her husband.

In the meantime, while Mrs. Smith No. 2 and Mrs. Smith No. 3 have been trying to find out where they stand matrimonially, the first Mrs. Smith has become reunited to her husband and the two are living happily together.

To further complicate the situation the three Mrs. Smiths all have wedding certificates, two of which the court has decided are worthless. All three of the wives were in the court room during the trial of the separation action by Mrs. Smith No. 3. Mrs. Smith No. 1 appeared as a witness for John Cotton Smith.

The medley of marriages came about through a "fake" divorce decree which an alleged lawyer by the name of John Rapp obtained for Smith in Philadelphia in 1903. The decree purported to free Mrs. Lillian Brown Smith, the first wife, from her husband. Relying upon the validity of the decree, Smith married a Brooklyn woman, from whom he was divorced in 1908. Then he married his third wife and soon after found out that the first divorce decree was invalid.

He then separated from his third wife and advertised for his first wife. She answered the "ad" and was reunited with him, although in the meantime she had married and divorced another woman. Then the third wife sued for a separation.

Smith was quite willing to let Mrs. Smith No. 3 have her freedom but he did not like to have her drawing alimony from him, so he asked the court to adjudicate his marital status. Mrs. Smith No. 3 claims she has been made the victim of a fraud. The higher courts may pass upon the tangle.

St. Catherine's Man Killed

St. Catherine's, Ont., April 12.—John Finlayson, tailor, St. Catherine's, was killed by a freight train at Main street crossing on Sunday.

REDUCTION IN DUTIES

How Revenues Will be Reduced by New Tariff Arrangements.

Ottawa, April 12.—The finance department has issued a memorandum on the proposed changes in the Canadian customs tariff as a result of the new agreement with the United States. For the year ending March 31, 1909, the value of articles on which reductions are proposed, were from the United States \$4,814,293, from other countries, under the general tariff, \$3,201,147, total, entered under general tariff was \$8,015,507, less imports from countries to which reduced rates apply under the French treaty, \$1,615,355; amounts of imports affected by proposed reduction in duties, \$6,400,152; estimated amount of reduction in duties on goods from all countries, \$263,149. The estimated amount of reduction in revenue on goods imported from United States is \$192,814. The revenue on the proposed tariff will be \$627,260 as against \$1,226,675 collected in 1908-9. Value of imports of goods not enumerated in tariff schedule in general tariff during 1908-9 was \$1,045,519, of which \$1,045,058 came from the United States. The estimated reduction in duties on these is \$45,619.

Upper Berths Cheaper?

Washington, April 12.—The Interstate Commerce Commission has reached a decision in a case brought by George S. Loftis, a commission merchant of St. Paul, against the Pullman Car Company, alleging unreasonable charges, and will probably hand it down very shortly.

The commission declines to make known its decision at the present, but there is a report that it is against the Pullman company and that it will mean a reduction in Pullman rates throughout the United States, and that hereafter an upper berth will cost less than a lower one.

Mr. Loftis complained against the rates from St. Paul to Seattle and from St. Paul to Chicago in particular, but the case opened up the whole question of Pullman rates and the commission held a comprehensive hearing. The complainant asked that the Pullman company be not only ordered to make a reduction in the price of upper berths, but to make reductions all along the line in its rates.

Seattle to Spend \$10,000,000.

Seattle, April 12.—Ten million dollars is the cost of improvements planned by the city during the present year. This estimate represents more than 25 per cent. of the total expenditures for local improvements during the last 18 years, during which period the municipality has given out a total of \$38,187,065 for sewers, streets, water, gas, water and light systems, etc.

The trunk sewer system planned for the northern part of the city alone calls for the expenditure of \$5,000,000. Widening Westlake avenue and improvements to Dexter avenue will take \$200,000. Bids for the sewer system will be opened April 22. Last year the city of Seattle spent \$7,257,458.90 for local improvements.

SPEAKER CANNON TO COLLEGE MEN

"Uncle Joe" Tells Young Men How He Made His Beginning as a Lawyer.

Washington, April 12.—Uncle Joe Cannon was in fine form when he received twenty-five young men, representing the Intercollegiate League, now in session here. Uncle Joe complimented his callers on their advantages, but he told them that knowledge gained in college was of little value to them unless it was crossed by experience and courage.

Years ago, the speaker said, he received a degree in a law college in Indiana. He started to Chicago to make his fortune, accompanied by his diploma and \$6. He was put off the train in central Illinois when his money gave out, and that was why he wound up in Danville, instead of Chicago.

Uncle Joe said that he hung up his diploma in his little law office and waited for clients. For six months he had little to do aside from looking at the diploma and twirling his thumbs. Finally, one day, in a fit of rage, he pulled down the diploma and destroyed it.

"The diploma in itself was of no use to me," said Uncle Joe. "I kept my courage, however, and by and by began to make my way in the world."

WHISKEY BROUGHT DEATH

It Was a Special Brand Made Up for a Temperance Town.

Westerley, R.I., April 12.—The deaths of nearly a dozen persons in Westerley and Stoughton, Conn., and the vicinity within a week under circumstances indicating that most of them had been poisoned by wood alcohol contained in a mixture labeled "Whiskey" has stirred the authorities of Rhode Island and Connecticut. The connection is said to have come from a Westerley drug store and it is believed that a clerk in mixing a "medicinal whiskey" ignorantly used wood alcohol, a deadly poison. Westerley is a temperance town and good liquor has been a scarce article for a long time.

Outlook Bright near Daysland

E. W. Day, mayor of Daysland, in spending a few days in the city on his way south to spend a few weeks in Iowa. Mr. Day reports that the town which he founded and which bears his name, and the surrounding district are progressing very rapidly.

Seeding operations are being pushed ahead and most of the fall plowed land is seeded. As it is early in the season the farmers will continue to plow and seed additional land as long as they consider that the crop will have time to mature, after which they will devote their attention to breaking for next season's crop.

Fall wheat is in excellent condition but the mainstay of the district along the Wetaskiwin branch, is spring wheat, for which this district is adapted. "One of the great things I have noticed has been that the original homesteader is selling out to the men from Ontario and from Iowa who have the money to start right in to farm the land. We are getting into the Daysland district the finest class of men that there is in the province of Alberta,"—Calgary Albertan.

BEARING FALSE WITNESS

In the First Baptist Church Sunday night, the pastor, Rev. F. W. Patterson, continued his series of sermons on the Ten Commandments, dealing with the Commandment, that says, "Thou shalt not bear false witness."

Although the reverend gentleman made it clear that he was not dealing with any concrete political situation, his remarks had such a pointed reference to conditions prevalent at the present time, that the minds of his congregations were as a matter of course directed to affairs near home. "The retelling of statements," he declared, "that are unverified to the detriment of our public men, is in defiance of this commandment."

Dealing more particularly with the abuse of public men, Rev. Mr. Patterson said: "One of the passions of the age seems to be the continual abuse of public men. In this connection, I venture to say that one-half of the stories that are re-told in various political controversies are untrue and violate the Commandment."

REMARKABLE SUICIDE

Man Climbed to Top of Smoke Stack and Jumped Down Inside.

Ansonia, Conn., April 12.—In the discovery just made of the body of Frederick H. Smith under a pile of soot at the bottom of the twelve-foot smokestack of a local shop, the authorities believe is revealed probably the most remarkable suicide in the history of this state. It was believed that Smith climbed to the top of the stack and jumped down inside.

A HUNDRED MILLION DOLLARS IN STEINWAY PIANOS.

The pianos which have been made and sold by Steinway & Sons up to date represent the stupendous total of over one hundred million dollars.

Not only throughout this broad land of ours but in every nook and corner of the globe where good music is prized can be heard the voice of the Steinway Piano—the piano of all pianos, the piano that is universally recognized as the world's standard. In the palaces of kings and emperors as well as in the homes of musicians of renown everywhere, you will see and hear the Steinway Piano.

The Steinway Piano is not only for the wealthy. The fact that it has found an abiding place in more than 12,000 homes of all classes of musicians bears eloquent testimony to the contrary.

Steinway Pianos are not sold by fake methods or by gold-brick-misleading—inducements.

Steinway & Sons are the only piano manufacturers who make every component part of their pianos, including the casting of all the metal parts, within their own factories.

The elder Steinways, the founders of the house, were men of high standards, original ideas, and irresistible ambition, whose correct theories, applied with zealous care, finally became crystallized as Steinway pianos. These have shaped the Steinway Piano in every department of artanship.

It is the masterly blending of piano tone, the subtle nuances, the appealing sensuous quality, combined with brilliancy and power, that impart to the Steinway Piano its supreme individuality.

Catalogues of these famous Pianos mailed on application to the Sole North-Western Representative, Mr. Geo. H. Suckling, Harmony Hall, 235-237 Rice St., Edmonton.

NEW MEASURE TO CONSERVE LANDS

Compromise May be Reached in United States Congress Over Legislation to Save Public Lands.

Washington, April 12.—As a direct result of the conservation dinner at the White House, members of congress from public lands states and others who hold membership on the public lands committee of the senate and house are endeavoring to reconcile their differences over proposed conservation legislation.

While no measure introduced has obtained the support of a majority of the members of the two committees, it was said that the western members are in substantial agreement concerning a new bill for the withdrawal of public lands for various purposes. Such a measure, it is said, is to be introduced simultaneously in both the senate and house, which will include the following features:

Authorizing the President to withdraw public lands in the United States and Alaska for public uses, or for examination and classification to determine their character, use, value and disposition.

Providing that such examination and classification shall be promptly in-

We have the regular Garden Barrow also all wood and all steel barrow at reasonable prices.

Just Good Enough To Be Dangerous

If poor advertising mediums were ENTIRELY worthless they would not be dangerous! For they could not, then, make any appeal whatever to sensible advertisers.

But an advertising medium which has a LITTLE MERIT is, like "a little knowledge," a "dangerous thing." Some business men there are, always, who—for considerations of "cheapness," etc.,—will either rely upon such mediums wholly, or give hem an absurdly large part in the ir advertising campaigns.

TO OWNERS OF CENTRAL PROPERTY

The advertiser desires to secure a building in a central location, close to but not on Jasper avenue, and would be glad to hear from property-owners who would be willing to erect a building, according to his requirements, on which he would take a long-term lease. Box 10, Capital.

About Town

A practice of the Festival Chorus will be held in the Mechanics' Hall at eight o'clock tonight. There is still room in the chorus for a few good voices.

By company, 10:15. Pupils, will parade for company drill at the Armory tonight at 7:45. Dress, drill order. By order V. C. Mulvey, Lieut. B. Company.

A 25c luncheon will be served at 28 Jasper East from 12 to 2 Wednesday, 18th, under the auspices of the Ladies Aid, Robertson Church. Tea will be served during the afternoon. Also a sale of home cooking.

The following players of the 101st Football Club are requested to turn out to a practice match with the Caladonians at the Exhibition Grounds on Wednesday night at 6:45 p.m. sharp: Allard, Allan, Ray, Peters, Burke, Gillman, Miller, Bagny, Crichton, Campbell and Rickard.

A football game between Norwood and the Hibertians will be played at the car barns tonight at 7 p.m. The Hibertian line-up will be as follows: Goal, King; backs, Donovan, Rogers; halfbacks, Armstrong, Gurley and Hardy; forwards, Blair, Grant, Hebron, Speakman, Heston. The team is requested to meet at the club rooms at 6:30 sharp. There will be a special meeting of the Hibertian Club after the match. All members are requested to be present.

Where the Good
Clothes
Come From

Judge Taylor is holding court in Strathcona today. Judge Noel is in Red Deer.

James Down of Union, Saskatchewan, arrived in town yesterday morning. He will take charge of the remains of his wife Florence Down, who will be buried at Trenton, Ontario, her former home. She died here on last Saturday morning.

Edwin Auld is receiving warm congratulations on his success at the Calgary horse show. With very stiff competition, there being 16 entries, he won first with "Ethel Chimes" in the roadster class, single trotting horse, mares or geldings, three years and over, shown to a four-wheeled vehicle.

Walter Spornle, of Edmonton, had the misfortune to lose his valuable two-year-old "Tom Car" at Calgary. When he was taken into the stable, he got up on his hind legs and his head struck a spike in the ceiling. Inflammation was caused and death resulted in ten or twelve hours.

A house on Columbia avenue belonging to Frank Holmes was seriously damaged by fire yesterday afternoon. The fire started on the second floor, through a defective chimney, and spreading quickly, caused the fire department a great deal of trouble to extinguish. The lower storey was damaged by the quantities of water which poured down from above. The house was not insured.

Because he is the first baby born in Calder, the infant son of Mrs. S. M. B. Smith got a free lot in that subdivision. Acting under instructions from the Calder Land Company, J. R. Melnosh, agent of the company, is issuing a transfer of one lot to the baby boy. The condition of the transfer will be that in the event of his death, the property is to revert to his mother, by whom the property is to be held in trust.

The Beaver House Chapter of the Daughters of the Empire are again offering prizes for competition in the graduating classes of the public and separate schools for essays on patriotic subjects. The essay this year is on "Our Province—Its People, Government and Resources." Pupils will have a month in which to do their best and the prizes will be presented as usual on the afternoon of the 29th in one of the large schools of the city. The teachers and the board have usually co-operated heartily in the aims of the Daughters of the Empire, and the Empire Day exercises have been looked forward to with pleasure by both pupils and visitors.

There is scarcely a home but what accumulates cast-off clothing and the careful housewife is often in a dilemma to know what to do with it. At the springtime rooms and cupboards are turned out, and they reveal many a garment which for some reason or other is deemed no longer serviceable for the family. Neither the housewife nor the bachelor need hesitate to promptly phone 2671, or send a postcard to Mrs. R. Turnbull, secretary of the United Aids. Someone will be dispatched to your address for the parcels. The United Aids have received a special plea from their Ladies' Auxiliary for women's and children's garments, including boots or shoes. There has been quite a demand in that direction at the Aids office of late.

It's a fact, sir, that the road to prosperity is paved with good clothes, and is most easily trod by men who always dress in becoming attire. See our new spring suits. Mac's Clothing Store.

Personal

Robt. Tegler went East to Saskatoon last evening on a business trip.

His Honor the Lieutenant-Governor is spending some days at his summer home in the Okanagan.

Mrs. O. F. Strong, 456 Thirteenth street, will not receive on Wednesday morning again this season.

Dr. J. D. Harrison is building a very attractive home for himself on the east side of Sixth street, midway between Jasper and Victoria.

D. J. McNamara will shortly commence the erection of a handsome residence on the north-west corner of Sixth street and Mackay avenue.

Thomas Davies and party left this morning on a survey trip. They will operate south of Athabasca Landing and will be absent about three months.

MANY FINES IMPOSED

Several Cases Before Magistrate Corvan This Morning.

Today in the police court before Magistrate Corvan, three men, Robert Wylie, J. Mitchell and E. Harwood, were fined \$10 and costs or three days for being drunk. R. Heimick was charged with vagrancy and was fined \$10 and costs. The magistrate remarked that Heimick had been brought up on a similar charge several times before, and that a recurrence of the offence would mean six months' imprisonment.

Michael Seachin was fined \$5 and costs for being drunk, but was also detained on a charge of stealing a suit of clothes valued at \$8 from the store of Mr. Stern, second-hand dealer, 314 Jasper East. He will be allowed his liberty on finding \$100 bail.

Windle Hepburn was charged with driving an automobile along Kinistone at the rate of 15 miles per hour. Hepburn pleaded guilty although he stated that he was satisfied he was not travelling faster than eight miles per hour. The magistrate said that fifteen miles per hour was not really excessive, if the traffic on the street was light. Sentence was suspended.

A colored woman, Gertie Nair, was arrested yesterday for using profane language on the street.

St. George's Society.

The president of the St. George's Society, A. W. Chaffland, occupied the chair last evening at the most successful meeting yet held this season, the Oddfellows' Hall being well filled with new and old members. The most important business was the election of a visiting committee whose duties it will be to visit fellow-countrymen in the hospitals or distress. The following agreed to undertake this task: J. V. Gregory, W. Patrick, T. A. Hilde and F. A. Whitley. G. W. Houghton reported that invitations to St. George's banquet, to be held at the King Edward Hotel on Friday, April 22nd, had been accepted by Lieutenant Governor Bulyea, Mayor Lee and a number of other industrial gentlemen and there was every promise of the function being a success, more especially as a hundred and fifty tickets were already disposed of and the probability was that over two hundred would attend. During the evening songs were rendered by F. A. Whitley, Norman Wright, H. R. Mountfield and H. W. Heathcote. G. E. Averell and J. Murphy contributed clever recitations.

Walkerville Man Drowned.

Windsor, Ont., April 12.—Harry West, an employee of the Canadian Bridge Co., Walkerville, while working on a construction car at Ruscombe River bridge, was drowned last night as a result of a Walabash freight train colliding with the car and throwing it into the river.

THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

Council holds its weekly meeting tonight at 8:15.

R. B. Douglas returned yesterday from a business trip to the south.

In the Baptist Church on Tuesday afternoon at 4 p.m. Mrs. Edwards of Macleod will address a meeting of the women of Strathcona. A hearty invitation is extended to all.

Mr. Geo. H. Vibbert delivered a lecture last evening in the Knox Presbyterian Church on the temperance question. Mr. Vibbert delivered a very strong lecture. He is a very eloquent speaker.

Mr. G. Fred McNally I.P.S. for Westsaskin district, left today for Westsaskin to continue his duties. In connection with the University lectures Mr. McNally gave an excellent paper on "Dickens as an Educational Reformer" last evening.

A concert under the auspices of the Ladies' Aid of the Metropolitan Methodist Church will be given tonight in the auditorium of the church. An admission fee of 25c will be charged the King.

and the amount raised will be applied on the building fund of the church. The programme will be rendered entirely by talent from Alberta College.

The programme for the concert in the Methodist Church tonight is: Piano duo (Wagner), Misses Maguire, Kemp, Crawford, Mr. Hunt, Song, "Sands of Dee" (Clay), Mr. Frank Huxley. Viola solo "Reverie" (Fauchaux), Master Leslie McAllister. Piano solo, Prelude C sharp minor (Rachmaninoff), Miss C. Bell, Song, "Heroes and Gentlemen," Mr. Quance. Violin solo, Spanish Fantasia, Master Fred Schmatner. Piano solo, Hexastony, Miss P. Kemp. Reading, "The Sign of the Cross," Miss Hicks. Trio vocal, "The Gipsies," Misses Pold, Sharpe and Smith. Violin solo, Third Air Vari, Mr. Gardner. Song, "Songs of Araby," Mr. Randall. Piano solo, March and Finale from "Concertsteck," Miss Maguire. Vocal solo, "The Lord Is My Light," Miss Smith and Mr. Quance. Piano duo, Dance Macabre, Misses Kemp, Maguire, Crawford, and Mr. Hunt. "God Save the King."

EXHIBITION BOARD MEETS

Directors Approve Proposed Street Car Route to the New Grounds.

The regular semi-monthly meeting of the Edmonton Exhibition directors was held last evening and was largely attended. President A. B. Campbell was in the chair. Plans for the dog and poultry buildings were submitted, and handled over to the building committee.

Communications in regard to special prizes and attractions were handed to the committee that looks after these departments.

The directors placed themselves on record as being very much in favor of the proposed route to the grounds via Jasper avenue, on account of its safety, convenience and its being the most direct route to both the Park and the Exhibition Grounds.

The new Exhibition Grounds are rapidly taking on the appearance of a park. The old stumps and tangled willow bushes have been removed, leaving splendid groves of trees with a natural lake in the foreground. The work is being pushed ahead and Edmonton will soon have in these grounds a beautiful natural park. The grounds will be opened to the public on May 22nd and it is hoped that a band will be in attendance that afternoon.

RESPONSIBLE FOR GIFT

Company Gave Away Air Rifle and Must Now Pay Damages.

Toronto, April 12.—Mr. Justice Britton awarded Mrs. Sara Fowell of Hamilton \$800 damages against Graffon and Company of the same city for the loss of an air rifle. The woman's rifle was destroyed by a pellet from an air gun in the hands of John O'Connor, who got the gun from Graffon and Company in return for coupons for goods bought there. The court held the company to blame for not making sure the lad was over sixteen years of age before giving him the gun.

The Masters' Piano Co., Edmonton.

Gentlemen—The undersigned, after examining the various entries, in your Publicity Contest, award the first prize to Mrs. Alex. LeFort, 722 Victoria Avenue. Mrs. LeFort's list contained 3,428 words. This was the largest submitted that adhered strictly to all the rules laid down, and was correct in every detail.

(Signed) A. B. Watt, Albert McIsaac, H. H. Hall.

P. D. Ross is President.

Ottawa, April 12.—P. D. Ross of the Ottawa "Journal" was last night elected president of the Conservative Association.

TUPPER-DICKEY WEDDING

A Ceremony of Unusual Interest at All Saints Church To-Day.

The marriage took place at All Saints' Church today at noon of Miss Mary Dickey, daughter of the late Hon. A. R. Dickey, minister of justice in the Dominion cabinet, to Mr. Chas. Tupper, son of Sir Charles Hibbert Tupper of Vancouver, B.C., and grandson of Sir Charles Tupper, former prime minister of Canada.

The mother of the bride has made her home in Edmonton for a year past, coming with her son and daughters from Nova Scotia, in the politics of which province her husband was a prominent figure, his untimely death ten years since depriving public life of a man of rare ability and promise. The late Mr. Dickey succeeded to Sir Charles Hibbert Tupper's portfolio when the latter's father assumed the leadership in 1866, so that today's wedding, in addition to being an event of much interest to the many friends of the bride and groom, has a public significance.

The ceremony was a very quiet one, the only guests in addition to the members of the bride's family being the groom's father and mother and sisters, Mr. and Mrs. Wallace Macdonald, and Mr. and Mrs. J. D. Hyndman. A luncheon at the home of Mrs. Dickey followed, after which Mr. and Mrs. Tupper left for their new home on a farm some six miles from Stony Plain.

S. A. Veteran Suicide.

London, Ont., April 12.—A South African veteran named W. J. Plumridge, employed on the government road near Dorchester, died yesterday as a result of drinking four ounces of laudanum. Plumridge's death is apparently a deliberate case of suicide.
